

Best Boutique Corporate Structuring Firm – UAE

Tactical Management DWC LLC is an independent private equity, multi-family office and corporate structuring firm. Throughout the years, the firm has built a successful business, boasting a number of accolades and a solid client base to support it. Recently, Acquisition International Magazine targeted and profiled the firm to discover what are those exceptional services the firm consistently delivers.

Based in Dubai, Tactical Management provides strategic management support in global markets. It offers innovative solutions which derives from close relationships on the ground to local understanding and global insights. In addition to this, the firm also offers various personalised services, which includes dynamic wealth creation, bespoke corporate structures and efficient asset protection in challenging environments to name a few.

Tactical Management bumped off from the typical approach of many private equity firms instead it looks beyond the numbers by putting the people who are backing each project at the forefront of their business. The firm focuses on the substance behind each proposal and carefully considers the long-term value of the project. It specialises in helping businesses that are in difficult situations to get back on their feet and stays with them as long as necessary to ensure that the company and its management are secured before exiting. This is where Tactical Management becomes one of the leaders because once the firm takes on a project, the firm holistically practices fluid exit strategies rather than setting a timeline, which greatly benefits the company it works with.

The firm is hoping to change what is expected of foreign direct investment by creating a project portfolio which is diverse and cultivates long lasting results for its clients. Tactical Management is

equipped with the ability to acquire diverse, sustainable investment portfolios that rely on detailed due diligence, expert analysis and in-depth market knowledge and these diverse natures are shown in its clients list which ranges from healthcare, water, manufacturing and industrial companies to fruit processing plant.

Tactical Management also works as an independent multi-family office. The firm takes charge of its client's affairs and gives them strategic asset management

advice. It operates on providing a bespoke 'Service Delivery Model', by giving objective advice which favors the interests of the clients first and removes the inherent conflict of interest.

The firm additionally offers estate planning and lifestyle management services as an integral part of their multi-family office, which are limited to their High-Net-Worth client base. Tactical Management has multilingual and multinational experts who are experienced in developing sophisticated wealth transfer strategies and integrating those strategies with personal and business goals. It discreetly serves and offers services to clients from around the world who have busy schedules and need turnkey solutions to save time and make life easier where and when it counts.

One of the main specialisms of the firm lies in its corporate structuring services. The firm prides itself to offer a unique one-stop solutions, which helps clients setting up the corporate structure, assisting with the corporate secretarial services and ongoing management. Under the guidance of Tactical Management, it helps clients to operate globally to enter into new markets. The firm advises its clients to adhere to their country's rules and regulations to reduce costs and enhance revenues and profits which main goals are to help its clients to develop and implement effective planning to reach their goals and maximise profit. Working together, the firm studies every facet of the client's organisation, and identifies the key issues and challenges facing the business.

One of the targets which Tactical Management has set out for 2020 is to increase its presence in Latin America. Latin America is positioning itself as an attractive and sustainable destination for Arab investors who want to expand globally and take their business to new heights. The plan is even more feasible by the fact that there are now direct flights available from the Middle East to Latin America. There has been strong growth in exports from Latin America to the Middle East and from this, Tactical Management is positive to expect an exponential increase in its business activities in the coming years.
